PRODUCT DETAILS

Description

Growing research on benefits of omega-3 fatty acids has led to the development of fish oil supplements. It is difficult to get the recommended dose of EPA+DHA (forms of omega-3 fatty acids) from natural sources. Hence, a supplement forms the bridge between the requirement and deficiencies. ICMR recommends to have a minimum of 250 to 2g of EPA+DHA daily and each serving of GNC Fish Body Oil 1000 mg Softgel Capsule will provide 1000mg of omega-3 fatty acids, with 300mg comes from EPA and DHA.

Key Benefits

- DHA is known to support your normal brain and eye health.
- EPA, on the other hand, can protect your heart, skin and joints from inflammatory response.
- Overallly, this supplement can support your eye, heart, brain,skin and joint health.

Directions for Use

- As a dietary supplement, take 1 or 2 capsules daily.

Safety Information

- Consult your physician prior to using this product, if you are pregnant, nursing, taking medication or have a medical condition.
- This product is not intended to diagnose, treat, cure or prevent any disease(s).
- In case of accidental overdose, consult a physician.

Billing Page (Sample)

Use appropriate controls to enter the details. Amount and total should be auto computed. On submit the details, next page should display the summary of item. Use JavaScript to store the details and display the summary page. Test the resultant summary page by executing your application with more than one time. 10 items is only a sample, you can use fewer items.
